

The BoE's primary goal for redistricting is to improve the enrollment balance at both middle schools so that it can ensure the viability of each school and equity for all students.

Guiding Criteria

- Instructional Model: maintain a minimum of 2 teams per grade with 4 teachers per team at each of the middle schools.
- Utilization: promote reasonable balancing of enrollment of schools to avoid over-utilization or under-utilization of facilities.
- Proximity: keep distances traveled by students as short as possible. This may result in students going to first or second nearest school.
- Equity: provide access to the same resources and programming for all students.
- Sustainability: ensure long-term sustainability of plan – 5 & 10 years.
- Disruption: minimize impact to families by not having a split feeder pattern at any of the Els.

Redistricting options are guided by and weighed against these criteria to evaluate their viability.
