## Superintendent's Update 9-20-18 Timely and Important

---

Westport School District Outreach Message <Connect-ED@westportps.org>

Thu, Sep 20, 2018 at 11:00 AM

Dear Families of Westport Students,

The Board of Education will hold an emergency meeting today in the Staples High School cafeteria at 5:00 p.m. regarding the safety and security of Coleytown Middle School students given the school is closed today and tomorrow. The meeting will begin with an executive session of the Board, with a public session of the Board's discussion on this topic to follow. The anticipated start time of the public session will be approximately 5:30 p.m. The meeting will be broadcast live on Cablevision channel 78, Frontier channel 6021, and by live stream on the Westport Public Schools website.

At 7:00 p.m. this evening, the District will conduct its open meeting at the Bedford Middle School auditorium regarding the status of CMS and steps going forward to address the issues at hand. Following a brief presentation, there will be a question-and-answer session. Attached are the responses to questions posed at the Board of Education meeting this past Monday evening from public comments. Several technical aspects of how the air testing was conducted and the related results will be deferred to Robert Brown of Hygenix, Inc. who will be part of the panel discussion this evening. (Note: The session at 7:00 p.m. will be video recorded and posted on the District website by tomorrow.)

Sincerely,  
Colleen Palmer
