

TAB INSERT – SUPPLIES & EQUIPMENT

SUPPLIES

INSTRUCTIONAL SUPPLIES – 611

Instructional supplies are items directly used in the educational setting. \$50,000 of expenditures at the elementary level is offset by the purchase of school supplies by parents of approximately \$25-\$30 per student. Generally speaking, instructional supplies represent consumable supplies. For example, included in this budget line are art supplies, sheet music, reeds and strings, reading kits and magnetic letters and words, science kits, STEM consumables, math workbooks, and math manipulatives. At the elementary level, science notebooks and math journals are purchased for every student.

SOFTWARE

COMPUTER SOFTWARE – 612

From this account we purchase software programs that cover the different curriculum areas and extend over several grade levels. Coordination and oversight of these purchases is provided by the Technology Department to insure best pricing and supportability.

Depending on the program usage, we may purchase a single copy for each school, a site license or a district license. A site license allows us to install the program in all our schools on an unlimited number of computers.

This account also includes the management software for all computers, the maintenance of the district-wide student system, and the maintenance of all administrative department applications that support the following departments: Business Office, Finance Department, Transportation, Human Resources, Payroll, Nursing and Special Education.

EXPENSES

TECHNOLOGY SUPPLIES – 613

From this account we purchase replacement cartridges, microphones, projector lamps and other miscellaneous materials to support the printers and other technology used throughout the school district.

GRADUATION EXPENSE – 615

Costs for Staples High School graduation exercises are charged to this account. Examples are:

Police coverage
Plaques
Folding chairs
Gown rentals

Flowers
Awards
Diplomas
Invitations

TEXTS, PRINT AND ONLINE MATERIALS – 641

The texts account at each school covers the cost of replacing and rebinding existing text series, and supporting specific classroom library needs. In addition, new texts and online materials are scheduled to be purchased centrally by the Director of Elementary the Department Coordinators for subjects, grades/courses throughout the district. As the world of textbook publishing continues to evolve, internet website-based electronic resources may be purchased from this account in lieu of physical textbooks.

Grades K-5

Informational texts, series books, and books that span the reading levels and interests of our students that align with our reading and writing workshops, science and social studies content, and social emotional learning (RULER lessons) will be purchased for our classroom libraries. This year, there is a focus on text sets to align with revised science units in 1st and 4th grades. We continue to purchase student text books for our Singapore Math program and supplemental texts for differentiation.

Grades 6-12

At the secondary level, we will continue to purchase reading materials to support the reading workshop program and provide resources for teachers to differentiate instruction. In the 2018-19 budget, our expenditures in the textbook account continue to support the realignment of the curriculum to subject-specific standards.

641 TEXTBOOKS, E-TEXTS & ON-LINE MATERIALS

LIBRARY MATERIALS – 642

LIBRARY BOOKS

Each school media center maintains a diverse collection of books for reference, curriculum support and independent reading. The reading materials reflect a broad range of subjects, interests, ideas, beliefs and viewpoints, and accommodate the varied literary tastes, learning styles, ages and abilities of the students served. A quality school library collection is crucial to the development of lifelong reading habits for leisure and learning.

To maintain the integrity of the collection damaged and lost books must be replaced. To expand the breadth and depth of the collection, relevant, current, accurate information sources and popular, award-winning titles and authors of fiction and picture books must be purchased. Media Specialists read magazine reviews of books, reference sources, and non-print materials to assist them in selecting quality materials for our libraries.

PERIODICALS

Age-appropriate periodicals provide students with reading materials that initiate learning and recreational activities. Current reading materials allow students to keep abreast of political, cultural, scientific, social and economic changes and happenings in the world. Many magazines directly support the curriculum and assist students in completing classroom assignments. Additionally, professional journals are purchased for our educators and administrators. Materials on management, curriculum, subject disciplines, technology and other relevant topics provide information for improving instruction and student learning.

DATABASES

The school system continues to move away from printed reference books in favor of subscriptions to online database resources. Examples of database subscriptions include Pebble-Go, Encyclopedia Britannica, CQResearcher, Nature, and United Streaming.

EXPENSES

NON-INSTRUCTIONAL SUPPLIES – 690

This account covers the cost of supplies not directly charged to an instructional program. Examples of non-instructional supplies are photocopy paper, toner and dispersing supplies for photocopies, office supplies for each school office and the central offices, as well as items needed by district-wide coordinators. There is a continuing migration toward distributing information through technology rather than a printed document.

HEALTH SERVICES – 691

This account covers the expenses for all supplies used by the Nursing staff in all schools.
