## WATER/SEWAGE - 411

The following items are included in this account:

Water Metered Service<br>Fire Service<br>Sewer Service Assessment

## ELECTRICITY - 413

This account records the expenditures, by school, of all electricity payments made throughout the year for all school facilities. The Board of Education has managed the risk associated with electricity supply, rate, and volatility by contracting a fixed rate to December 2022. This mitigation strategy was a group purchase collaboration with the Town of Westport and other municipalities/school districts

## UTILITIES

We expect to burn natural gas throughout the current fiscal year. The decision to burn natural gas or heating oil is made regularly based on the most favorable market rate for each fuel source.

## HEAT ENERGY - NATURAL GAS - 414

This account records the expenditures for the natural gas that is currently used to heat most of our schools. This account supports the dual fuel capabilities of the Westport Public Schools. Our capacity to burn both natural gas and heating oil keeps the gas pricing at a favorable and competitive pricing rate. We expect to burn natural gas in 2021/2022.

## HEAT ENERGY - FUEL OIL - 415

The Westport Public Schools purchases its oil through the Town's contract with Santa Buckley Energy. We expect to burn minimal amounts of oil in 2021/2022.

## BUILDINGS \& GROUNDS MAINTENANCE

## BUILDING MAINTENANCE - 431

This account includes repairs and maintenance costs incurred in order to maintain the schools in a safe and secure manner. The type and scope of the project or repair will determine whether the repair or project is completed by the Board of Education's maintenance staff or by an outside contractor. Because we maintain such a large inventory of facilities we can predict that various repairs must be made during the year. It is not always possible to predict what area of a school will need attention. Examples of repairs covered by this account include:

| Electrical Lighting | Mechanical Systems | Fire Protection | Roofing Systems |
| :--- | :--- | :--- | :--- |
| Doors/Locks/Hardware | Plumbing | Septic Systems | Security Systems |
| Windows/Glass | Floor/Wall Coverings | Elevators | Lockers |

The distribution to schools is an allocation. Actual costs are charged to the appropriate location.

## GROUNDS MAINTENANCE - 432

This account includes repairs and maintenance costs incurred in order to maintain the school grounds in a safe and secure manner. The type and scope of the project will determine whether it is completed by the Board of Education's maintenance staff or by an outside contractor. Because we maintain such a large inventory of buildings and grounds we can predict that various repairs must be made during the year. It is not always possible to predict what area of a school will need attention. Examples of repairs covered by this account include:

```
Sidewalk Repairs
Drain Cleaning
```

Playground Maintenance Parking Lot Repairs

Clean Swales
Environmental Service Fees

The distribution to schools is an allocation. Actual costs are charged to the appropriate location.
