February 13, 2017

Dear Members of the Board of Finance:

In a time of both fiscal challenges at the state level and yet exciting educational opportunities here in Westport, the Board of Education respectfully presents to you its proposed 2017-18 school budget of \$115,351,346, representing a 2.44% increase over our approved budget for the current school year.

The fundamental responsibility of the Board of Education is to ensure that we deliver a high-quality education to each student. Our community rightfully has high expectations for the caliber of our educational programming. Our Town's investment in this excellence fulfills our collective responsibilities to our children and is an important component of sustaining our revenue base.

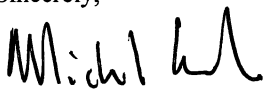

Against this backdrop, we face new and still uncertain challenges from the state. The primary driver of the current budget is the negotiated contractual increases with all employee groups, representing 81% of the proposed budget. Members of the Board of Finance assist in these negotiations and of course are well aware of the opportunities, constraints and impact. Beyond our contractual obligations, we are limited in our ability to have a significant impact on our budget without damaging programs and services.

Following months of tremendous work by our administration and staff, we have produced a fiscally prudent document. Dr. Palmer has brought fresh eyes to all positions and programming and found efficiencies that do not impact our children. We have eliminated the last reserve teacher in our budget and have reduced the footprint of our facilities in order to yield a savings. The budget has also benefited from enrollment trends in the elementary level and an expected draw down of the Health Reserve in the amount of \$987,884.

Even in these fiscal times, we must do our best to progress as a school district in order to maintain and improve an educational system that is considered one of the best in the nation. In the new school year, we will be investing in (i) personalized learning at Staples, (ii) enhanced literacy capacity in the middle schools, (iii) a new commitment to innovation, (iv) a new security aide and (v) a new initiative to assess the efficacy of our programs.

We are now at the point which any reductions in our funding will have a materially negative impact on the quality and scope of our existing programs and services. As a result, I strongly recommend that the Board of Finance approves our request for funding as proposed.

Sincerely,

Michael Gordon  
Chair, Board of Education
