## INTEROFFICE MEMORANDUM

---

---

**TO:** ELIO LONGO  
DIRECTOR OF SCHOOL BUSINESS OPERATIONS

**FROM:** TED HUNYADI  
DIRECTOR OF FACILITIES

**SUBJECT:** SAUGATUCK ELEMENTARY SCHOOL - STEM LAB - BID #16-016-BOE  
**BID RESULTS**

**DATE:** JUNE 17, 2016

---

The bids for Saugatuck Elementary School – STEM Lab - Bid #16-016-BOE were opened and the results are in the attached spread sheet.

After reviewing the returned bids, I am recommending that the low bidder, A.V. Tuchy Builders be awarded the work for the SES STEM Project. Both myself and Craig have called a half dozen of the references provided, and each and every one had said they are very good to excellent in their performance, both on time and in meeting the client's needs. More than one stated they would be first on their list to work with again.

Please advise.
