INSTRUCTIONAL PROGRAM IMPROVEMENTS – 323

The Westport Public Schools require certified staff to remain at the forefront of teaching and learning strategies. This account is the major funding source for the system-wide professional development initiatives that are conducted throughout the year and guided by our Westport 2025 initiative. Teacher training is focused upon 21st century skills and capacities, such as in-depth critical thinking, creative and innovative thinking, real world problem solving, communication and collaboration.

Westport will continue to partner with higher education institutions in order to provide professional development that will enhance teachers' abilities to develop instructional strategies, curriculum, and assessments for the teaching of 21st century skills, embedded in both the Westport lens and the Common Core Standards. Each school within the district also maintains a professional development account that is used to address individual school needs and initiatives.

Support services for special needs children such as interpreters, translators, and other support services.

PPT CONSULTATIONS - 325

This service is required when an Individual Educational Planning (IEP) team, through the Planning and Placement Team (PPT) process, determines that an outside consultant is necessary to provide professional and technical services to the team to provide special education children with appropriate programs. STUDENT EVALUATIONS - 327

Outside professional evaluations are required when (1) a parent requests an outside evaluation, as allowed by law, (2) the Pupil Personnel Department deems it necessary to secure additional information regarding a student, or (3) the family disagrees with the Westport Board of Education's evaluation and requests an additional evaluation.
